## *Enjoying Life with Purpose*

August 5, 2015

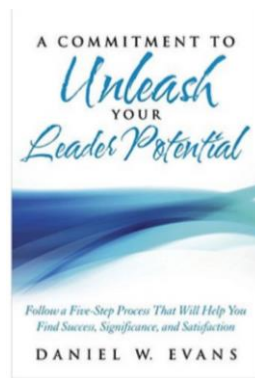

Hello my reader friends,

I need your help! Could you please do two things for me? All who help will be entered into a contest. Please read the '[Contest Details](#)' for more information.

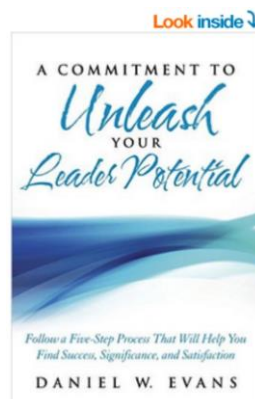

First, I need 5-Star reviews on Amazon.com for my latest book. Would you take 5-10 minutes and give me 5-Stars? ★★★★★

Secondly, would you purchase my eBook for \$3.99 on Amazon.com? There will be no additional charges, other than tax. You will download the eBook from Amazon. Do not forget the free Kindle APP!

## *Enjoying Life with Purpose*

I am soon entering two new campaigns with my publisher and this is where the reviews will serve their purpose. Please consider helping me. All who give me a 5-Star review will be automatically entered into a contest. Read '[Contest Details](#)' for more information. My intent for the contest and drawing is not to get reviews, it is my desire to give back to those of you who help me. Let me give you a few more details to make it simpler for you to give my book a 5-Star review.

5-Stars are needed on Amazon, Barnes and Noble and other on line book stores. Amazon is the most important at this point. It would be appreciated if you could give 5-Stars on all your favorite on line book stores. However, if you cannot because of time, I understand. Amazon would be the preferred and most important one to give me the 5-Stars now.

### **Amazon Information: (Preferred)**

[Click here](#) to read the open book sample of several chapters on Amazon.

[Click here](#) and you will be taken to Amazon to submit your review.

**Instructions:** Click the number at the right beside the five gold stars. You will be taken to the Customer Reviews page. Click on the box 'Write a customer review.' Sign in if you have an account or enter your email and click on 'No, I am a new customer' and then click the gold box 'Sign in using our secure server.' Follow the prompts in this window. Amazon may require you to make a purchase before you can write a review if you create a new account. [Click here](#) and you can purchase my book in eBook (Kindle) format for \$3.99.

**Note for creating a new account:** For whatever reason, you may not want to use your full name or a personal email if you must create a new account. A suggestion is to use something like the first part of your email, a nick name, or use only your first name. Create a new Yahoo, Gmail, etc. email or use one you already use for this purpose. Hope this helps!

### **Barnes & Noble Information:**

[Click here](#) and you will be taken to Barnes & Noble to submit your review.

**Instructions:** Click on the word 'Reviews' beside the five stars right under the title. You will then be taken to Customer Reviews. At the top right click the green box 'Write a Review.' You will then be taken to a window to use your account or to create an account. If you need to create one, your first and last name, email, password and a security question should be all that's needed. Once you have done this you will be taken to a window to complete your 5-Star review.

Reply to this email when you have submitted your review and I will make sure you are entered into the contest. These are the items to be given after the drawing.

1. A Nextbook Ares 7" Tablet 32GB Quad Core with a Webcam, Wi-Fi and Bluetooth and other features
2. A Paperback copy of my book, 'A Commitment to Unleash Your Leader Potential'
3. An eBook copy of my book, 'A Commitment to Unleash Your Leader Potential'

If you have already given me a review of this book you can get others to give me a 5-Star review and I will enter your name into the contest along with their name when they notify me by email that they have submitted their 5-Star review. You must let me know who you have invited to give me 5-Stars and I will let you know if your invitee has not been invited by us or someone else.

- **VERY IMPORTANT: I need your 5-Star review submitted by 12pm (Noon) EST Friday September 18th! ★★★★★**

In advance, thank you for your assistance and remember I need 5-Stars! Have I said that enough?
