

## Time - A Valuable Asset

Are you investing your time properly?

Let us be more specific. Are you investing your time in the right people?

How many times have you thought that someone is holding you back?

Hopefully, you are not the one holding someone else back. The mistake of not investing in the right people is made by each of us. However, it is easier to see in others than ourselves.

### Time

You cannot redeem it!  
You cannot relive it!  
It is irreplaceable!

Back View

This coin was designed to accompany the book, 'Time – A Valuable Asset.' The coin with an attractive stand can be used as a reminder throughout the day of how we are investing our time. It can be carried in the pocket or placed in a line of sight area on the stand. The last chapter of the booklet explains the use of the coin.

**Order your Time Coin and Stand today from the Daniel Evans Store.**
